

May 9, 2008

Mr. Eric Puype, Section Chief
Office of Infrastructure Protection
Risk Management Division
Department of Homeland Security
Washington, DC 20528

SUBJECT: SHEARON HARRIS UNITS 2 AND 3 COMBINED LICENSE APPLICATION

Dear Mr. Puype:

On April 17, 2008, the U. S. Nuclear Regulatory Commission (NRC) accepted Shearon Harris Units 2 and 3 Combined License Application for docketing 52-022, and 52-023. Under the NRC-Department of Homeland Security (DHS) Memorandum of Understanding (MOU), the docketing date begins the 10 day period for the NRC to provide the docketed application to DHS. (A preliminary copy of the application was provided to your office on February 27, 2008).

The NRC-DHS MOU identified 90 days as the period for consultation. During our working level meetings, the staff clarified the consultation period to be 90 working days after the conclusion of a 10 working day period after the application is docketed. Therefore, we have scheduled September 8, 2008, as the date for the receipt of the Consultation Report. If there are problems in meeting this date, please contact me at your earliest convenience.

Sincerely,

/RA/

Doug Huyck, Branch Chief
Reactor Security Licensing and Programs Branch
Division of Security Policy
Office of Nuclear Security and Incident Response
