Greg,

If convenient, 8 am on Wed 3/26 or 8 am on 3/27 would work to discuss the sump strainer design. Although we are not reviewing this portion of the COLA, there are design requirements we wish to be sure you are aware of as you engage potential vendors. Please let me know if either time would work for you and your staff. We do not plan to send any technical information - just have a telephone discussion.
