SUBJECT: BWX TECHNOLOGIES, INC., REVIEW OF ANNUAL SUMMARY OF CHANGES
AND REVISED INTEGRATED SAFETY ANALYSIS FOR CALENDAR YEAR
2005, [REDACTED] (TAC L31923)

Dear Ms. Morrell:

We have performed an initial review of your Annual Summary of Changes and Revised Integrated Safety Analysis to the BWX Technologies, Inc. facility dated January 27, 2006 (BWXT No. 06-012). Based on this review, we have determined that the submittal does not meet the requirements of 10 CFR 70.72(d)(2), because it does not include a brief summary of the changes. Specifically, the submittal must include, for each change, the reason why the change was made, and why the change did not require pre-approval. This revision should be provided within 30 days from the date of this letter.

We will review both your internally authorized changes, and your Integrated Safety Analysis Summary updates as part of the same action, so we have combined both reviews into TAC L31923. Please reference this TAC number in all correspondence related to this action.

If you have any questions regarding this letter, please contact me at (301) 415-5848 or via e-mail to bcg@nrc.gov.

Sincerely,

/RA/
