Subject: Submittal of Embedded Pipe Survey Unit Release Records, Plum Brook Reactor Facility, License No. TR-3, Docket No. 50-30, and License No. R-93, Docket No. 50-185

Dear Mr. Snell:

Enclosed for your review and assessment are electronic copies of completed embedded pipe survey unit release records that have been scanned into PDF Format. The following survey unit release records are included on one compact disc:

- EP PPH-109
- EP PPH-106
- EP PPH-115
- EP RP-01, Revision 1
- EP RD-1, Revision 1
- EP RPHD-1, Revision 1
- EP RPHD-2, Revision 1

The release records indicated as "revision 1" were submitted previously for your review as embedded pipe release surveys. Sections of the affected piping have been reclassified as buried pipe rather than embedded pipe. The affected sections were resurveyed to the more stringent release criteria specified in the Final Status Survey Plan for buried pipe and the release records revised accordingly.

Should you have any questions or need additional information, please contact Mr. William Stoner of my staff, NASA Plum Brook Station, 6100 Columbus Avenue, Sandusky, Ohio 44870, at (419) 621-3349, or Mr. John Thomas of my staff, NASA Plum Brook Station, 6100 Columbus Avenue, Sandusky, OH 44870, at (419) 621-3357.
