SUBJECT: ORDER FOR IMPLEMENTATION OF [REDACTED]
TO BWX TECHNOLOGIES, INC., LYNCHBURG TECHNOLOGY CENTER
(TAC NO. L20809)

Dear Ms. Morrell:

This letter is to inform you that the staff has completed its review of BWX Technologies, Inc. (BWXT) responses to the "Order for Implementation of [REDACTED] for the Lynchburg Technology Center," issued on January 16, 2007. You responded to the Order by letters dated February 5, 2007, and April 6, 2007 (the latter responding to the U.S. Nuclear Regulatory Commission's (NRC's) request for additional information (RAI), dated March 9, 2007). The NRC completed its review of BWXT's plans to meet the requirements of the "Order for Implementation of [REDACTED]," and finds them to be acceptable.

Section IV of the Order outlined a process for requesting an extension of time to request a hearing by filing the request within 20 days of the date of the Order. BWXT met that requirement in its responses dated February 5, 2007, and April 6, 2007. Regarding the request in your letter, dated April 6, 2007, to extend the deadline to request a hearing until 30 days after the NRC has replied to your response to NRC's RAI, please consider the request granted. This letter starts the requested 30-day period to request a hearing.

Please confirm, in writing, when your plans for meeting the requirements of the Order are fully implemented.

If you have any questions concerning this letter, please contact Billy Gleaves of my staff by phone at (301) 415-5848, or via email to bcg@nrc.gov.
