MEMORANDUM TO: Nader Mamish, Deputy Director  
Licensing and Inspection Directorate  
Division of Spent Fuel Storage and Transportation, NMSS

FROM: Jessica Glenny, Project Manager **/RA/**  
Licensing Branch  
Division of Spent Fuel Storage and Transportation, NMSS

SUBJECT: SUMMARY OF APRIL 14, 2008, MEETING WITH AREVA, NP  
INC., REGARDING OPTIONS FOR THE FCC (EPR) FRESH  
FUEL ASSEMBLY SHIPPING CONTAINER

Background

AREVA came in for a pre-application meeting to discuss a design for a transportation package for fresh fuel. The proposed design is currently approved in Europe.

Discussion

On April 14, 2008, NMSS/SFST staff met with representatives of AREVA, NP Inc. (AREVA or the applicant) to discuss the FCC package design for fresh fuel. The meeting was intended to identify licensing challenges AREVA may encounter certifying the FCC package in the U.S. The package is currently licensed in France and Belgium for road, rail, and sea transport. The applicant discussed the package's design as it is currently approved in Europe, and also mentioned changes that would be necessary to evaluate the proposed design against 10 CFR Part 71 requirements. AREVA anticipates submitting their application in 2009. The staff did not make any regulatory commitments at the meeting.

Docket No. 71-9340
