SUBJECT: REVISIONS TO EMERGENCY PLAN (TAC L31901)

Dear Ms. Moore:

I am responding to your correspondence dated June 28, 2005, by which your facility submitted Revision 9 to your Emergency Plan (Plan). We have completed our review of the submitted changes, and have determined that these changes do not decrease the effectiveness of the Plan, and thus were properly submitted under the provisions of 10 CFR 70.32(i). Accordingly, the changes to your Plan are acceptable, and Safety License Condition S-24 of your Materials License SNM-124 will be updated in a future license amendment to reflect the current changes.

This letter will close TAC L31901. If you have any questions regarding this matter, please contact me at (301) 415-8139 or via e-mail to mxl2@nrc.gov.
