RE: Excelsior Springs Medical Center  
License # 24-32234-01

Please be advised that effective today all equipment for Nuclear Medicine procedures will be put into storage and not used until a valid RSO has been added and a list of authorized users has been established.

We are currently working on licensure updating by establishing a new Radiation Safety Officer and Authorized users. We would like the following physicians added as authorized users at our facility:

Dr. Christine Keesling  
Dr. Robert MacNaughton III  
Dr. Robert Newth  
Dr. Randal Newth  
Dr. Joseph Caresio  
Dr. Larry Nussbaum  
Dr. Timothy Raveill  
Dr. Michael Green

These Physicians currently are listed as authorized users at Liberty Hospital in Liberty, Missouri.

In the event that you need to contact me you can reach me at 816-629-2757.

Thanks for your help.

Respectfully,
