RECEIVED  
REGION I

Dear Ms. Henderson:

I have received your letter dated March 27, 2008, in reference to the filed bankruptcy petition of Hospital Dr. Pila which possesses the Nuclear Regulatory License Number 52252501. Please be informed that the undersigned is the new Chief Executive Office and Executive Director of the Hospital Dr. Pila. I began to work in the Hospital on July 2, 2007, and I was instructed to prepare the Hospital to submit the bankruptcy petition under Chapter 11 (reorganization) of the Federal Law.

The petition was submitted on August 8, 2007 and granted to be effective on August 9, 2007. At the present we still covered under the bankruptcy law and we are in the process as part of the reorganization plan to sale the Hospital and the Hospital assets. We have continued Hospital operations normally and our Nuclear Medicine Center has been operating normally and without any interruption.

The safety of our personnel, physician's, patients and visits has been guaranteed at all times. No other entities were affected by our bankruptcy petition; no other partners companies have Nuclear Regulatory Commissions licenses. I take the opportunity to furnish follow up to our change of the Radiation Safety Officer, which is Adrián Alvarez, MD, previously informed to your Commission on January 31, 2008.

Please send any upcoming mail to my attention. My office phone number is (787) 848-6910 and my email address is [jcora@drpila.com](mailto:jcora@drpila.com).

I present on behalf of Hospital Dr. Pila our apologies in the delay to inform you this information. Thank you in advance for your understanding and support.

Cordially, 

José J. Cora, MHSA  
Executive Director & CEO
