Subject:	Radio active material from Italy to Utah

Utah has already suffered illness and death at the hands of our government (Downwinder's) and now Energy Solutions wants to bring not just radioactive waste, but waste from another country. Not only should we NOT have to bear the burden of radioactive waste in our state, we should not have overseas pollution dropped in our laps. There must be an end to this insanity. As a U.S. citizen and a resident of Utah, I ask that you deny Energy Solution's request.
