Phone conversation on 4/16/08 with Scott Nichols,
President.

The reviewer spoke to SN to address the following
issues

1. Who is the RSO?
2. Confirm that gauges will be used at Temporary job sites.
3. Confirm that non-routine maintenance will be performed by the manufacturer or persons who are licensed by the NRC or AS to perform those maintenance procedures.

SN adequately addressed these issues in letter dated
April 17, 2008.
