**Importance:** High

To whom it may concern:

I am completely opposed to the importation of nuclear waste from Italy or anywhere else for that matter. We have enough waste issues of our own in this country without taking on anyone else's waste. I also find it disturbing that the waste would be initially processed in Tennessee. Why does a company in Utah need us to process waste for their profit? What we need to focus on is reducing our reliance on foreign energy sources. Please enforce the ban that was introduced by my Representative Bart Gordon. Thank you for your time.
