Subject: Energy Solutions importing nuclear waste from Italy

Please let it be known that that while I am open to having a nuclear power plant in Utah and storing our OWN waste, I do not, under any circumstances, want nuclear waste, at any level, transported from anywhere else, ESPECIALLY NOT FROM FOREIGN COUNTRIES. States and countries that choose to use nuclear power should be willing to store their own waste! And Energy Solutions/Envocare should not be allowed to profit from this kind of enterprise.

I don't care what they change their name to or how many buildings they pay to have their name on, or how many television ads they run to try to convince us of their legitimacy. They are greedy and immoral and I don't trust them to classify, store, or transport anything.
