Subject: Italy's nuclear waste

Dear Sirs:

I totally disagree with bringing another country's nuclear garbage to the United States. Let them deal with what they have created! Why would you want to bring a material that we are having issues with regarding the handling and safe disposal of into our country. We aren't exactly doing a bang up job of taking care of the waste and tails that WE CREATED, much less what ANOTHER COUNTRY has made.

It is also very dangerous to transport this toxic mess from Oak Ridge to Utah.

Most respectfully, I am against importing nuclear waste from Italy.

Sincerely,

Sydney Lashbrook
