I am absolutely appalled at the idea of importing nuclear waste from other countries into our country. What is there to discuss. This is a no brainer. Let other countries deal with their own nuclear waste in their own countries. We have enough problems of our own without importing problems from other countries. There should definitely be a ban on importing foreign nuclear waste into the U.S. As a Tennessee resident, I strongly oppose the mere idea of this, and the people of Utah should, too. It is all about money, and not the residents of the U.S. PLEASE, do not allow this.
