Subject: EnergySolutions Import License Application IW023

I received a post card on this subject and thought it must be a joke. I am convinced our leadership is failing this country. I am conservative on most issues and I hope someone comes to their senses soon. This may be off the topic of nuclear waste.... maybe..... but we are gradually but surely losing our freedom due to the growth of government and fear of terrorism. How does anyone justify our acceptance of other countries waste when it has been a major issue on what we are going to do with our own?!?!?! What is happening to us?!?!?
