I have received notification from my representative, Bart Gordon in regards to the proposed acceptance of nuclear waste from Italy. I live in Tennessee and not a great distance from Oak Ridge. I am very much against importing more nuclear waste as I feel it is not good not only for Tennessee, but for the whole country. I am in full agreement with Bart Gordon as to the limits of how much toxic waste we will be able to handle. Added to that what would be the repercussion should we have a major earthquake in this area? I say NO to this proposal. Thank you Forrestine Werns
