Subject: Please do not let the US become the world's nuclear dumping ground.

Hello. I am represented in congress from Tennessee by Lamar Alexander and Bart Gordon.

Please do not let the US become the world's nuclear dumping ground!

Please do not let allow the importation of 20,000+ tons of radioactive waste from Italy. Please do not let the waste be processed and incinerated in Tennessee or Utah.

Other countries should bear the responsibility of disposing of their own waste!

Please.

Thank you very much,
