Subject: Nuclear Regulation commission..EnergySolutions Import License Application IW023

It is not the responsibility of the US to take the filth from other countries! The U.S. will not accept nuclear waste from other countries. To do so would be unpatriotic and irresponsible. You people will not go forward with EnergySolutions Import License IW023. You people at the Nuclear Regulatory Commission should be ashamed at your "Put-America-Last" mentality! I am going to inform Talk Radio of your foolishness!

You Republicans need to stop being moderate! Return to Reagan Conservatism! Start sponsoring legislation to reduce the Federal income tax(to a flat 12%), to eliminate the gas tax, to drill in Anwar Alaska, and to build more refineries and to stop using ethanol as fuel!!!! The price of food is increasing because America is putting food in out gas tanks!
