**Subject:** Energy Solutions Import License Application IW023

Keith E. Arnold  
119 Vintage Circle  
Hendersonville, TN 37075

To Whom It May Concern:

I oppose the IW023 application and see it as a clear and present threat to national security. The risks of safely transporting, securing, and long-term holding of Nuclear waste present potential unknown environmental impacts in the short foreseeable future, not to mention the danger posed to our coastlines and drinking water, and natural resources vital to ocean habitats. I urge the Nuclear Regulatory Commission and the House Energy Commerce Committee to cease and desist any attempts to pass legislation that would allow the importation of any Nuclear Waste into this country or through any affiliates under the UN Charter or NAFTA.

Proud to be an American

Keith E. Arnold
