Subject: Please Deny EnergySolutions' Import Application (IW023) submission

Comment : Please deny EnergySolutions' request to import 20,000 tons of Italian nuclear waste into the U.S.

EnergySolutions states in its application that "the sources of this material are not fully known" and that some of the waste may be above allowable contamination for processing and disposal in Utah. The Commission should not agree to allow this import when the nature and hazards of this material remain unclear.

I strongly urge the Commission to reject the application submitted by EnergySolutions. Thank you.
