Subject: Nuclear Dumping

We want to express our feelings on the subject of our wonderful country - THE USA - being considered as a dumping ground for Nuclear waste.

Don't you think we have enough of our own waste (whatever kind it be from meth labs, etc.) why would we have the feeble mind to even consider such an idea? Lord knows, we need to clean up our own country of problems and not be entertained by other countries to take what they do not want.

I urge you to say NO on this issue.

Thank you for your consideration.
