Subject: ban nuclear waste

I am requesting congressional support of the legislation introduced by Congressman Bart Gordon of Tennessee to ban the importation of foreign nuclear waste into the United States. We already have more nuclear waste in the United States now than we can take care of. We do not need to be importing nuclear waste from outside of our country to pollute out land, our water and our people on top of the pollution that is already here. We need to clean up the nuclear waste that is already in this country. Take a stand to support the people and the country you live in and who support you. Thank you.
