Congressman Gordon, thank you for letting me know about this nuclear waste problem. I can't believe our gov. would even consider this waste dump here in the usa . I am worried enough about our own polution that we create and waste from our factories and pesticide co. I think we need to clean up the trash in Tennessee also. It makes me sick to see all the garbage along the roadways from drivers and trash haulers. If the state police and troopers would give out more stiff fines and make these people do coumunity service cleaning their mess this might make people stop and use a bag in their car instead of throwing out the window. I don't want waste here or in any of our states my granddaughter will have to live in all this polution for years to come.

Thank you
Helen Gimmy
