I am very much opposed to the importation of nuclear waste to the US from Italy which will only increase health risks for this country's citizens, as well as taking huge risks in contamination of the ocean, waterways, and land during transportation. It is time to resolve this country's own problems, and stop taking on the problems of the rest of the world. When are we going to start taking care of the greatest country in the world?

DOCKETED  
USNRC

May 12, 2008 (10:30am)
