Subject: processing nuclear waste from Italy or any foreign country

To all committee members:

I ask you to NOT support any effort to bring nuclear waste from foreign countries for disposal in our country. As a resident of Tennessee, I do not want our any foreign waste brought into our land. The potential danger to our citizens and particularly our children is not worth any financial gain that might benefit a company dealing in nuclear waste. We have enough environmental risks. Any country that has nuclear waste should develop its own means of disposal. We do not want any more risks developed by transporting and treating Italy's nuclear waste here. I am confident also that the people of Utah will not want the waste disposed of there. Thank you for your consideration.

Patricia L. Walker
