Subject: EnergySolutions Import License Application IWO23

Please let this email correspondence serve as my strong vote against the above noted application IWO23 which if approve would allow the importation of nuclear waste into the United States. I am a resident of Tennessee, a tax payer and a registered voter. I would work hard against any elected representative that would be in support of such an application.

Best Regards,
David S. Jones
Eagleville, TN 37060
