Subject: EnergySolutions Import License Application IW023 - Ban the importation of foreign nuclear waste into the United States and TN

May 13, 2008

U. S. Nuclear Regulatory Commission

I want to let you know that I do agree with Congressman Bart Gordon that the State of Tennessee and the United States should not be used as a dumping ground for nuclear waste. Italy and other countries should take care of their own waste disposal. This would be a huge responsibility to undertake and I fear that this could also cause problems for us. We do not need this in our country and I hope that you do not allow this to happen.

Thank you,

Betty & Ronald Roberts
