Holly Springs, NC 27540

SUBJECT: MAINTENANCE OF REFERENCE MATERIALS RELATED TO THE REVIEW
OF THE SHEARON HARRIS NUCLEAR POWER PLANT, UNITS 2 AND 3
COMBINED LICENSE APPLICATION AT THE HOLLY SPRINGS LIBRARY

Dear Ms. Owens:

This letter is a follow-up to our telephone conversation on May 6, 2008, concerning the maintenance of relevant documents by your library. These documents are related to the U.S. Nuclear Regulatory Commission's (NRC or staff) review of the application from Progress Energy Carolinas, Inc. (PEC) for the combined license (COL) at Shearon Harris Nuclear Power Plant, Units 2 and 3. The application was received by the NRC on February 18, 2008.

The NRC staff appreciates your willingness to assist the public in participating in the COL environmental review process. As discussed, your support would consist of providing approximately two feet of shelf space in your reference section which would be used for making documents related to the NRC staff's environmental review available to the public. We will place the Holly Springs Library on our distribution list for documents and notices related to the review of the Shearon Harris Nuclear Power Plant COL application. After the application review process is completed in approximately two years, you may dispose of these documents.

Paper copies of the COL application are being sent to you via priority mail. Electronic versions will also be made available at the NRC's new reactor licensing website accessible at <http://www.nrc.gov/reactors/new-licensing/col/harris.html>.

Thank you for your cooperation. If you have any questions, you can reach me by telephone at (301) 415-3803 or via e-mail at donald.palmrose@nrc.gov.

Sincerely,

/RA/

Donald Palmrose, Project Manager
Environmental Projects Branch 1
Division of Site and Environmental Reviews
Office of New Reactors

Docket Nos.: 52-022 and 52-023
