Subject: EnergySolutions Import License Application IW023

The United States MUST NOT accept radioactive waste from other countries. Each country should bear the responsibility of disposing of its own radioactive waste. If the United States opens the door to accept radioactive waste from one country (e.g., Italy), other countries will be lining up to do the same with their waste.

I live in Tennessee and DO NOT want the processing of radioactive waste from other countries in my backyard or anywhere in the United States.
