Dear NRC,

I write to you with gratefulness for an opportunity to speak on this important issue. As briefly as possible, I write to implore you not to allow foreign nuclear waste disposal in the United States. Living ½ mile from a landfill, I know the challenges and trials of managing our own local and state waste. I cannot believe that the United States is prepared to effectively dispose of waste generated by other countries and, even if it were, each country should manage their own waste just as I train my children that they are responsible to clean their own messes. This tenet is not naïve child-rearing – it is personal responsibility. Please do not allow the disposal of foreign waste in our country. I encourage you, on this difficult issue, to stand strong for what is best for America while working together in a worldview to ensure we all dispose of our own waste properly.

Thank you again,  
Charlotte B. Lynn
