I ALSO AM OPPOSED TO BRINGING NUCLEAR WASTE NOT JUST TO TENNESSEE BUT TO THE UNITED STATES OF AMERICA. WE HAVE FAR TOO MANY ENEMIES TO ALLOW THIS TO HAPPEN, EVEN FROM ONE OF OUR ALLEGED ALLIES.

**Subject:** Nuclear Waste brought to TN from Italy

Dear Governor Bredson,

I agree and I am opposing this decision regarding the 20,000 tons of nuclear waste being brought from Italy to Tennessee. I referenced the statement from an email and I am sending this message to others, so they can oppose this insane idea. Mr. Bredson I am thinking about our children and the health of others not only in the state of Tennessee, but for our entire country. I refuse to be passive about this matter, but show I am a concerned citizen.

Article:

We are absolutely opposed to 20,000 tons of nuclear waste being brought from Italy to Tennessee to be incinerated and the remains sent to a Utah disposal site. The U. S. Nuclear Regulatory Commission in Washington, D.C. is accepting public comments through June 10th and we have written to them. We ask that you as Governor of the State of Tennessee do whatever it takes to stop this nuclear waste from coming to Tennessee and furthermore join with all U.S. citizens involved in the effort to stop nuclear waste from coming to any state in the United States from other countries. We are in disbelief that the U.S. Nuclear Regulatory Commission could even be considering such an insane idea.

All correspondence to the NRC should reference "EnergySolutions Import License Application IW023" according to a postcard we received from U.S. Representative Bart Gordon. The Nuclear Regulatory Commission's email address is [hearingdocket@nrc.gov](mailto:hearingdocket@nrc.gov) <<mailto:hearingdocket@nrc.gov>> We appreciate anything you can do to help stop this crime of poisoning our land, water, air and people from happening.

\*\*Please sign your name and include your city and state. Let's make a difference in opposing this matter regarding nuclear waste being brought from Italy to Tennessee. Friends forward this email on to inform your co-workers friends and family to be pro-active and in saying "NO"! Don't forget to send your email to : <<mailto:hearingdocket@nrc.gov>> .
