Attention : Rulemaking and Adjudications

I do not think we should take on any radioactive waste from any other country. Let those countries dispose of their own radioactive waste. We have our own problems with radioactive waste. We need to think of our own health and the health of future generations. I am a Tennessean and I certainly don't want any more of the junk in my state. It's not fair that these two states be dumped on. I strongly disagree that the NRC is even thinking of such a thing.

Sincerely,

De Vera Miley
