I have learned that the Nuclear Regulatory Commission is considering an application to allow the importation of radioactive waste from Italy to the US. I reside in Tennessee, where the waste would be processed and incinerated.

I am writing you at this time to say I am against the US being used as a nuclear dumping ground...I am against the waste being imported here to Tennessee and the United States as a whole. I consider this an outrage and stand firmly against it ! I support other countries, but I do NOT support them of disposing their waste to our United States.
