Subject: NOT NOW.... NOT EVER.

I resoundly reject any such crazy notion as to let the federal government get away with dumping this dreadful nuclear waste upon the people here, or anywhere in America!

"The United States could become the world's nuclear dumping ground.

In what is likely only the first of many requests, the importation of 20,000 tons of radioactive waste from Italy should be completely and totally rejected..

This waste will be processed and incinerated in Tennessee, with the remains sent to a Utah disposal site. NO TO THIS, NOT NOW, NOT EVER.

But my question is: "Why in the world should we as a nation even consider such a request in the first place?" Sanity of mind would dictate that we reject any such request immediately without any contemplation at all!
