We, my family and all my friends, do NOT want foreign nuclear waste in our state of Tennessee. In fact, we do not want it anywhere in the U.S.A. We have enough problems disposing of our own, why would we even consider another countries (Italy)? Let them handle theirs on their own soil. I sincerely hope all my friends forward the same message. We live on the route to the BFI landfill and there's enough of everyone else garbage coming here now! thank you.
