Gentlemen:

After receiving information that we are considering bringing foreign radioactive waste into our country for disposal and storage I simply had to respond.
Quite frankly, it seems to me we have more than we can safely take care of of our own. I cannot believe this is even on the table.
This is far more serious than anything facing our country today. This waste will be here threatening us for ever.
Please do not do this to our people.

Yours truly,

Jeanne Wylie
