Office of the Secretary
U.S. Nuclear Reg. Commission
Washington, D.C. 20555
Attn: Rulemaking & Adjudications

Dear Sir:

I am referring to Energy
Solutions Import License Application
1W023. I implore you to vote ~~on~~
NO regarding using U.S. as the
world's nuclear dumping ground.
Here in TN we are running
out of space to dump our own
garbage let alone nuclear waste.
Other countries should bear their
own responsibility in disposing of their
own waste.

Yours truly
(Mrs) - Roshlyn O Walty
