Subject: Please Deny EnergySolutions' Import Application (IW023) submission

## Comment :

May 19, 2008 Dear Office of the Secretary and Gov. Huntsman,

I'm writing to urge the Nuclear Regulatory Commission to deny EnergySolutions' request to import 20,000 tons of Italian nuclear waste into the U.S.

Granting this request would set a dangerous precedent for the U.S. to become the world's nuclear waste repository at a time when our own low-level waste disposal capacity remains uncertain. Filling up our domestic resources for low-level waste disposal with another country's nuclear waste.

Because of the concerns stated above, I strongly urge the Commission to reject the application submitted by EnergySolutions.

Thank you.
