2314

To Whom it May Concern,

I am against radioactive waste for other countries being dumped in the USA. Let them dispose of there on. They would not allow our to be dumped on them. We do well to take care of our on. This just does not make sense. I am all for Congress Gordon's bill "introduced bipartisan legislation that will ban the importation of foreign nuclear waste."

We appreciate your help,
Mr. & Mrs. Robert Lancaster
