DOCKET NO. 11005711

Office of the Secretary
US Nuclear Regulatory Commission
Washington, DC 20555

2366

RE: Energy Solutions Import License Application IW023.

Sir:

I am highly opposed to the importation of radioactive waste from Italy. Italy should have had a waste disposal plan in place before they acquired the radioactive material. America shouldn't be their dumping ground.

Sincerely,

Benjamin E. Doyle
