Subject: Italian radioactive waste

Dear sirs:

It has come to my attention that the Nuclear Regulatory Commission is considering an application to allow the importation of 20,000 tons of radioactive waste from Italy, which will be processed and incinerated in Tennessee and then sent to Utah. As residents of Tennessee, my family and I STRONGLY oppose this idea. Tennessee does not need to be a dumping ground for any foreign country. Please do not consider this application.

Thank you for your consideration
