NMSS E

Dear Dennis Lawyer:

03001271

Per your request, this letter serves to inform you of a change to our most recent NRC License amendment request. Our facility license number is:
NRC License 06-07795-01
Amendment No. 34

The information that was sent you had the wrong address for our new facility. As it reads currently the license is addressed for 768 Main Avenue Norwalk Connecticut 06851

The correct address is 761 Main Avenue Norwalk Connecticut 06851.

We are requesting that this change to our amendment please be expedited as we are planning to have a new camera installed and ready to be functional by 18 Jun 08.

I appreciate your expeditious response to this situation and look forward to hearing from you soon.

Thank you for your help with this matter.

Sincerely,

Christopher Willey BS, RT(N)
Chief Nuclear Technologist
