**Re: Amendment to License - Request for Additional Information -
Control No. 142266; License #9-30984-01**

RLT

29-30984-01

Dear Mr. Courtemanche:

In response to your letter dated April 24, 2008, the following information is provided:

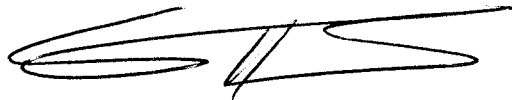

1. The total square footage of the 40 Merritt Blvd. facility is 192,800 square feet, including areas of both radioactive and non-radioactive use.
2. The use of the 40 Merritt Blvd. facility is primarily laboratory and office space, with some warehouse areas and a pilot plant for small scale manufacturing.
3. The following describes the area surrounding the 40 Merritt Blvd. facility:
 - North: commercial property, bounding on highway
 - East: commercial property, office buildings
 - South: commercial property, office buildings
 - West: commercial property, office buildings

Mr. Steven Courtemanche

4. The area we are asking to be released for unrestricted use is a former hazardous waste storage trailer. The entire area of this trailer is 225 square feet. One-third of the trailer was originally designated as radioactive waste storage. Going forward, we intend to use this trailer as a hazardous waste storage trailer.

If you require further information or have any additional questions, please call either me or Dennis Quinn at (845) 223-1960.

Regards,
