Subject: FW: MILDOS FILES

Hi Steve,

Here are the files that I received from ERG. I spoke with Mike Schierman after he sent the files and he told me that although I could receive the file, unless I had the MILDOS software on my computer that I could not open it. He also said that he ran it yesterday and anytime that you run it the date saved will change. Please check with your HP guy and see if this is what you need. As far as input vs output, I thought that what I sent you earlier was the input stuff please let me know if I am not right. Thanks.

Talk to ya later.

Rhonda
