Nadine,

Good Morning,

At 3:30 this afternoon, NRC will provide a briefing to Mr Pattison regarding the NRC Augmented Inspection Team that investigated recent security issues at the Peach Bottom Atomic Power Station. We are also inviting Mr Andrew Lauland, the Maryland Homeland Security Advisor to attend.

I had previously communicated to Mr Pattison that we will call his office number for this briefing. However, to allow Mr Lauland and NRC Headquarters staff the opportunity to participate, we have set up a teleconference instead.

The phone number for this teleconference is below:
