Subject: Re: 1) Request to invite Sen Cardin (MD) to today's PB Brief & 2) Slides to provide to staffers

David,

Sorry I missed your call earlier today. I just got back in my office and heard it and saw this message.

Jim and Marsha will definitely explain the determination that security was not significantly degraded. We used the same slides for yesterday's briefing with the Maryland state officials, and Jim did a very good job of putting the event in context while emphasizing that the behavior is unacceptable to NRC.

Also, I heard in your message that you left word with Sen Cardin's staff about this afternoon's brief. If no one from his office can make it for the 3 PM, Region I is happy to support a separate briefing for them at a time that is more convenient.

Please let me know what you hear back from them,

Thank you!!
Marjey

Thanks Marjey - I think the slides look very good, and I will forward them to the staffers. The only thing I saw that might lead to follow-up questions is the bullet that says security was not significantly degraded as a result of the the inattentive security officers. They will probably ask for more information on why NRC feels security wasn't significantly degraded. Thanks for all your help in setting this up.

David

Dave,

Good Morning. I have two items:

1) May we please invite Sen Ben Cardin (and/or staff) to participate in today's 3 PM briefing on the PB AIT?

Sam Collins was at the EPW Hearing yesterday, at which US Senator Ben Cardin of Maryland apparently made some rather harsh statements about the security issues at Peach Bottom. We would very much like to offer him/his staff the opportunity to participate in the briefing being held this afternoon for the staffers from Pennsylvania. Could you please invite them? Do you think others from MD should be invited also?

2) Slides for this afternoon's brief are attached

EM44

As I mentioned to you the other day, we did prepare slides for this afternoon's briefing. We thought it would be helpful for the staffers to have the information in writing, so that they can follow along and not worry about taking notes. The slides are attached for you to provide to the Congressional participants.

Please let me know your decision about Item 1, and if you have any questions or concerns or need anything from us,

Thank you so much!
Marjey
