Jim,

If the AIT is approved and the inspection is Monday, Rcik Costa will represent HQ. Rick is more than capable and has the needed experience to be an asset for the team. Please keep me posted.

Jim,

Any preliminary dates for the AIT? I am not sure if Joe is available, but we will have an experienced staff member assist you with the AIT.

Thanks,

Observed the tape today. Results were disturbing. 2 clips with 4 asleep in one and 3 asleep in the other both in the ready room. Taped in February and June of 2007.

We are considering our next steps. We believe it meets criteria for an AIT. Also, we are contemplating a CAL or other enforcement action.

Would need help staffing the AIT. Joe Willis name has been bantered around?
