Conversation on 5/19/08 with Glen  
Smolinski, RSO.

The reviewer spoke to GS to inform him that a one page letter requesting renewal of the license was not adequate. The reviewer faxed GS the checklist form from NUREG 1556, Vol. 1, Rev. 1 and informed GS how to access the NUREG on the NRC website. GS returned the completed form on the same day. The reviewer again urged GS to read NUREG 1556, Vol. 1 to get dated on current expectations.
