

NEUTRON PRODUCTS, INC.  
DICKERSON, MARYLAND

LICENSE NO. 19-12667-1

Prior to renewing the subject license, the report of the investigation conducted during August and October, 1970, should be reviewed. Specifically, the transmittal memorandum dated November 10, 1970 should be examined relative to the comments contained therein as to the design and performance of the licensee's pool water recirculation system.
